

Etihad Airways is the national airline of the United Arab Emirates and the world's fastest growing carrier. Based in Abu Dhabi, the hub that links more than 50 destinations, the airline differentiates itself by delivering outstanding hospitality on brand new, technically advanced aircraft.

With outstanding guest hospitality, cutting-edge in-flight entertainment and convenient connections, you will quickly learn why Etihad describes its customers as guests not passengers.

There are three classes of travel, Coral Economy, Pearl Business Class and Diamond First Class, all of which are industry leading:

Coral Economy class

- Ergonomically designed seats with up to 33 inch pitch with lumbar support, headrests, footrests and a cradle recline feature.

Pearl Business class

- The Pearl Business class seat has an 88 inch pitch, direct access to the aisle and reclines 180 degrees into a fully flat, comfortable, 6 ft 1-inch bed.

Diamond First class
